# WIDE WEB SLITTER

The **Wide Web Slitter IND** is YO DEN's high-performance **secondary slitter-rewinder**, engineered to efficiently slit massive master rolls into high-quality finished rolls. Utilizing the **IND Center Winding Concept** with **individually driven rewind stations** and an **integrated hydraulic system**, it ensures consistent tension and **precise nip pressure control**. Built for **heavy-duty stability**, the IND delivers flawless roll formation for the most demanding wide-web applications.
